NMA-SRRO and RHEC Symposium 2025

Spotlight on Radiology and Radiation Oncology Initiatives Promoting Access to Care

This symposium offers a valuable opportunity to highlight collaborative, community-centered approaches that leverage the leadership of radiologists and radiation oncologists, residents, and medical students to engage directly with the public — especially in communities where traditional outreach has often fallen short. We showcase how radiology can lead the way in advancing equitable care.

5:30pm – 5:35pm

Moderators:

Kathleen Brown, MD, FACR
Past-Chair, Section on Radiology and Radiation Oncology
Professor of Clinical Radiology
Vice Chair for Inclusive Excellence
Interim Vice Dean for Education
David Geffen School of Medicine at UCLA
Los Angeles, CA

Carla Brathwaite, MS
Senior Manager, Health Disparities, Outreach & Population Health
American College of Radiology
Radiology Health Equity Coalition
Executive Director

Topics:

Radiology Health Equity Coalition's (RHEC) Uterine Fibroid Embolization (UFE) Awareness Project

Designed to address healthcare disparities by improving awareness and access to UFE among underserved populations.

Communities Crushing Cancer

Radiology resident initiative to bring cancer screening information to the community. A grassroots effort began in Massachusetts has now spread around the country providing information on screening of lung, breast, colon, prostate and pancreatic cancers

Access to Care in Radiation Oncology 2025
