Chairs Message

Dear Colleagues and Friends,

On behalf of the Executive Board of the National Medical Association's Section on Radiology and Radiation Oncology (NMA SRRO), we extend our sincere thanks for your continued engagement with the chapter. Congratulations on all your accomplishments throughout the year—many of which are proudly highlighted in this newsletter.

Summer is fast approaching, bringing with it our cherished opportunities for education, networking, and fellowship at the upcoming NMA SRRO Annual Meeting and the 2025 NMA Annual Convention and Scientific Assembly. This year's event will be held at the Hilton Chicago in Chicago, Illinois, from July 19–23, 2025.

We encourage you to register for the meeting if you haven't already, and to invite your colleagues, trainees, and mentees to join us. Dr. Michele Johnson and the Program Committee have curated an outstanding agenda, featuring high-quality lectures, dynamic speakers, and engaging events—all aligned with this year's theme: *The Race to Optimal Health*.

As always, we are very grateful for your support. Please remember to pay your membership dues. Our fiscal year turns over July 1st, so now is the time!

Please also consider donating to the Section's Foundation to help support our programming throughout the remainder of the year. We hope to continue the momentum of last year's fundraising success, when we proudly met our goal of raising \$75,000 in celebration of the Section's 75th anniversary.

Your annual contributions are vital—they help sustain the Section and make it possible for us to host a successful and impactful annual meeting. Further details on how to donate can be found in this newsletter.

I'm looking forward to seeing you all next month at the annual meeting.

Sincerely,

Curtiland Deville, MD, FASTRO, FACR
Chair, NMA SRRO

2025 PROGRAM OVERVIEW CHICAGO, IL

SATURDAY, JULY 19, 2025

ACR Pipeline Initiative for The Enrichment of Radiology
(Pier) Summer Interns Presentations
Evening Dinner – NMA SRRO and RHEC Symposium
Spotlight on Radiology and Radiation Oncology Initiatives
Promoting Access to Care

SUNDAY, JULY 20, 2025

James D. Collins, MD, Medical Students, Residents and
Fellows' Symposium Competition
The 48th Annual William E. Allen, Jr., MD, FACR,
Memorial Lecture and Dinner
"2025 – Access to Interventional Radiology Care in the US"
Janice M. Newsome, MD, FSIR

MONDAY, JULY 21, 2025

The 17th Annual Elizabeth A. Patterson, MD, FACR
Breast Imaging Symposium
Radiation Oncology Symposium
The 22nd Annual Leslie L. Alexander, MD, FACR Memorial
Lecturer

*"Charting a Research Path in Global Health Disparities:
From Community-to-Bedside-to-Bench"*

Kosj Yamoah, MD, PhD.

The 13th Annual Tracy M. Walton, Jr., MD, Allied Health
Symposium Lecture

*"Black Physicist: A Journey Through the World of
Radiological Health"*

Wendell M Hickman, MS

ABRO at NMA Networking Reception (TBD)

TUESDAY, JULY 22, 2025

T. Wilkens Davis, MD, FACR SRRO Business Meeting
The 13th Annual Lionel W. Young, MD, FACR, FAAP
Pediatric Radiology Symposium
Innovations In Interventional Radiology, Neuroradiology
and Body Imaging Symposium
The Annual Esmond Mapp, MD, Memorial Lecture
*"Troubleshooting Musculoskeletal Procedures: What to
do When it Goes Sideways"*
Jade Anderson, MD

Meeting Adjourned

FUTURE**ANNUAL CONVENTION & ASSEMBLY DATES:**

**2026 - JULY 25-29 ~ THE PUERTO RICO
CONVENTION CENTER**

**2027 - JULY 31-AUGUST 4 ~ BALTIMORE, MD
CONVENTION CENTER**

MEMBERSHIP DUES

Section Dues of \$100 are DUE NOW. Many of you have already responded and therefore may ignore this request.

Visit our website at www.nmarads.org to pay dues and/or make a donation - send a check, made payable to:

SECTION ON RADIOLOGY - NMA, Inc., and forward dues to:
Tonya J. Greene, Radiology Section Administrator, 160 E. Parkdale Drive, 105B, San Bernardino, CA 92404

Our fiscal year begins July 1, 2025, and ends on June 30, 2026.

Whenever you use a company check, please indicate your name on the check or invoice so that proper credit can be given.

Without your financial support, the NMA Radiology Section will not move forward in the new millennium.

For those of you who have been on the fringe, now is the time to resolve your commitment to secure the future of our specialty.

Thank you for your support!

Thank you to the members that have contributed to our ongoing outreach. Your donation means so much to the endeavors of the section.

As this is an ongoing effort to sustain future activities of the Section, Education and Outreach...voluntary contributions are still being requested – Active Members \$250-\$1,000, Residents \$50-\$150, New Members \$100-\$500 and Sr. Members \$250-\$1,000 or more. The contribution covers ongoing endeavors of the Section, as well as activities at the Annual Meeting not supported by the National Medical Association, including resident and student support and travel grants. Thank you.

NEWS ALERT!

2024 RSNA

SRRO FACULTY SPOTLIGHT

RSNA 2024 GOLD MEDALIST: BEVERLY G. COLEMAN, MD, FACR

RSNA Recognizes Gold Medalists

A dedicated educator and leader in fetal imaging, **Beverly G. Coleman, MD**, is professor emeritus at Perelman Center for Advanced Medicine at the University of Pennsylvania Medical Center. As the Beverly Gilbert Coleman Endowed Chair in Fetal Imaging, she is the first radiology division chief at the largest fetal center in the world, the Richard D. Wood Jr. Center for Fetal Diagnosis and Treatment (CFDT) at the Children's Hospital of Philadelphia (CHOP). "When I first met Dr. Coleman as a trainee, she was already a superb clinician and a master teacher," said RSNA President, Curtis P. Langlotz, MD, PhD. "She is a trailblazing leader in radiology whose international expertise in ultrasound and fetal diagnosis is unmatched."

Her distinguished career in radiology includes serving as chief of the US section and director of the Abdominal Imaging Fellowship Program. In 2000, she was appointed as associate chair of the Abdominal Imaging Division, a position she held until she retired from Perelman in 2014.

For over 30 years, Dr. Coleman taught the art and science of US to countless students and residents, and she directed two continuing medical education courses sponsored by the radiology department. Dr. Coleman maintained an interest in obstetrical and gynecologic US with a special devotion to unraveling the mysteries of the prenatal diagnosis of fetal anomalies. She continues to work closely with Surgeon-in-Chief Dr. N. Scott Adzick at CHOP and the CFDT team.

Under Dr. Coleman's leadership, the CFDT received the Press Ganey Pinnacle of Excellence award for four consecutive years, while the Garbose Family Special Delivery Unit received the Press Ganey Guardian of Excellence award from 2022 to 2023. These dual awards were unprecedented in CHOP's history. A leader for decades in organized radiology, Dr. Coleman is a past president of the American College of Radiology (ACR), where she also chaired the Ultrasound Commission and the Council Steering Committee. She served as secretary-treasurer and president of the Society of Radiologists in Ultrasound (SRU). Locally, Dr. Coleman served as president of the Greater Delaware Valley Ultrasound Society and the Philadelphia Roentgen Ray Society (PRRS). She was selected as the 101st president of the Pennsylvania Radiological Society (PRS) and received the state society's Gold Medallion Award in 2013. She was chosen as the Honored Radiologist for both PRS and PRRS.

Dr. Coleman was elected to fellowship in the ACR, the American Institute of Ultrasound in Medicine, the SRU, the American Association for Women in Radiology (AAWR), and the College of Physicians and Surgeons of Philadelphia.

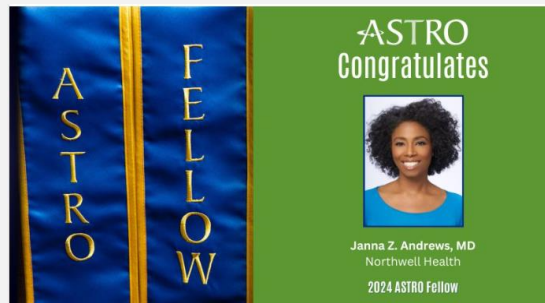

Recognizing her significant contributions to the field, Perelman awarded Dr. Coleman the Louis Duhring Outstanding Clinical Specialist Award in 2021, and she was honored with the AAWR Marie Sklodowska-Curie Award in 2022. In 2018, SRU presented her with a lifetime service award. Dr. Coleman served as a US examiner for the American Board of Radiology (ABR) for 15 years, and her dedication was recognized with a 2015 ABR Distinguished Service Award. In 2016, Dr. Coleman was featured in the Emmy winning PBS documentary, "Twice Born Stories from the Special Delivery Unit."

Dr. Coleman has reviewed manuscripts for numerous scholarly journals and served as an associate editor of *Ultrasound Quarterly*. She edited the *ACR Radiological Clinics of North America* and the *Diagnostic Radiology Syllabus*, and she published one textbook. She has published widely and delivered more than 500 lectures both nationally and internationally.

Dr. Coleman received her bachelor's degree in biology from Vassar College in 1970 and a medical degree from Harvard University in 1974. She completed a radiology residency and was the first abdominal imaging fellow at Perelman.

received
GOLD MEDAL**

**Drs. Frank Minja &
Toma Omofoye receives
the Global
Humanitarian Award**

Congrats to ALL!!

~ANNOUNCEMENTS~

2025 ASFNR-NMA JOINT AWARD

BETOUL MUKHAYER, MD

STATEMENT

I have a dream... That one-day functional psychiatric neuroimaging will complete its transition fully into mainstream clinical research and practice ... That our understanding of how the brain functions (differently) in different individuals will be so expansive and wholesome that much of the stigma associated with neurodiversity will be a story of the past... That neurodevelopmental 'conditions' and 'disorders' will be realized as normal variants to be recognized, valued and non-judgementally accommodated.

This award gives me hope and I would like to dedicate it to everyone who struggled with stigma instead of being embraced with support.

The award will be invested toward a pilot project intending to look specifically at intervention related neuroplasticity in ADHD. I am grateful for the wonderful women who share my dream and who volunteered to participate.

I would like to extend my warmest appreciation to the ASFNR, NMA and the joint award committee for this wholesome opportunity! I feel honored to be the recipient of the award and look forward to starting this journey of enquiry, together.

~ANNOUNCEMENTS~ *continued*

**Sweet Home,
CHICAGO**

RSNA Welcomes You!

We applaud the vital work of the Section of Radiology and Radiation Oncology and the entire NMA community.

Inspired by NMA's 130 years of leadership, RSNA proudly supports the NMA's mission of advancing equitable health care practices and improving patient outcomes.

Great Things Happen Here

Enjoy your time in the Windy City! We hope you'll return, Nov. 30–Dec. 4, for RSNA 2025: *Imaging the Individual!*
