## RADIOLOGY AND RADIATION ONCOLOGY SECTION NEWSLETTER

FALL 2023

VOLUME 40, ISSUE 2

### 2023-2024 Executive Board

**CHAIR**

**Melissa A. Davis, MD, MBA**  
Assistant Professor  
Vice Chair of Medical Informatics  
Department of Radiology and Biomedical  
Imaging, Yale University  
New Haven, CT  
Phone: 203 843-6781  
Email: melissadavismdba@gmail.com

**VICE/PROGRAM CHAIR**  
**Curtiland Deville, MD**

Associate Professor and Clinical Director  
Sibley Radiation Oncology  
Johns Hopkins University School of Medicine  
Washington, DC  
Phone: 202-537-4788/Fax: 202 243-5271  
Email: cdeville@jhmi.edu

**SECRETARY**

**Michele H. Johnson MD, FACR, FASER**  
Professor of Radiology and Biomedical  
Imaging and Neurosurgery  
Director, Interventional Neuroradiology  
Yale School of Medicine  
New Haven, CT  
Phone: 203-785-6938  
Email: michele.h.johnson@yale.edu

**IMMEDIATE PAST CHAIR**

**Derek West, MD, MS**  
Associate Professor  
Emory University School of Medicine  
Atlanta, GA  
Phone: 404 712-7118/Fax: 713 704-4988  
Email: Derek.West@emory.edu

**TREASURER**

**Virginia Joy Simmons, MD**  
Kaiser Permanente Medical Center  
Los Angeles, CA  
Phone: 323 783-8236/Fax: 310 641-9767  
Email: v.joy.simmons@kp.org

**SECTION ADMINISTRATOR**

**Tonya J. Greene**  
Department of Radiology  
Ronald Reagan UCLA Medical Center  
Los Angeles, CA  
Phone: 323 791-9029/Fax: 310 267-3635  
Email: tgreene@mednet.ucla.edu

### *Greetings from the Chair*

Dear Members:

Thank you for your continued support of the National Medical Association's Section on Radiology and Radiation Oncology. In 2024 we will celebrate 75 years of existence! The NMA SRRO was established in 1949 under the helm of Dr. William Allen. The founding members of the section included Drs. Charles R. Humbert, James L. Martin, John W. Lawlah, Robert W. Henry, and Benjamin W. Anthony. Since its inception the SRRO has been a place of science and education, fellowship and belonging, as well as excellence and growth. You have been a part of that journey with the section. Please go to our website at nmarads.org to learn more about our storied history. I also encourage you to send additional stories to myself and our section administrator Tonya Greene. We will be compiling these stories to celebrate at the NMA National Convention in **New York City, August 3-7, 2024.**

As part of our 75<sup>th</sup> anniversary, the Executive Board has set a goal of raising **\$75,000** for the section. You read that correctly, we want to raise **\$75K** that will go towards supporting our trainees, special initiatives spearheaded by the NMA SRRO, and programming for future conventions. Please consider donating towards this effort. **The SRRO has a 501 (c)3 foundation for your tax purposes.** All donors will be featured at the National Convention under the following tiers with gifts of appreciation:

**\$0-\$99: SILVER**  
**\$100-\$999: GOLD**  
**\$1,000-\$4,999: PLATINUM**  
**\$5,000-\$9,999: DIAMOND**  
**\$10,000 or more: DIAMOND ELITE**

Please see our website and/or reach out to me on how to donate.

I am thrilled to announce that two of our members will receive the ACR Gold Medal Award this year, **Dr. Elizabeth Patterson** and **Dr. Geraldine McGinty**. This honor is awarded by the ACR Board of Chancellors to individuals who demonstrate extraordinary service to the discipline of radiology. Dr. Patterson was the first chair of the NMA SRRO and has been a mentor and beacon across our field. Dr. McGinty was the first woman elected as the Chair of the ACR. We congratulate you both and are excited to celebrate this milestone at the 2024 ACR conference in Washington, DC.

Finally, I want to give gratitude for Dr. Kathleen Gordon (May 17, 1945 – October 23, 2023). Dr. Gordon served as Chairperson/Secretary of the NMA SRRO from 1991-1997. She worked in the field of radiology for 48 years and was a staunch advocate for women's health and breast cancer awareness. She led a full life and allowed our organization to be a part of it. We thank you and we honor you, Dr. Gordon.

Warmly,  
Melissa A. Davis, MD, MBA

**MEMBERS-AT-LARGE:**

- **Kathleen Brown, MD, FACR**, Past Chair, Minutes Committee
- **Karen Cole, MD, ASNR**, Constitution and Bylaws Committee, Parliamentarian, Minutes Committee
- **NaNette DeBruhl, MD**, Membership Committee
- **Iris C. Gibbs, MD, FACR, FASTRO**, Past-Chair, Minutes Committee, Website Committee
- **Shearwood McClelland, MD**, Research Committee

## RSNA 2023

109th Scientific Assembly and Annual Meeting

November 26-30, 2023

McCormick Place

**Technical Exhibits:** Nov. 26–29

**COME VISIT AND SUPPORT  
SRRO BOOTH #1306**

**(South Hall A, Level 3)**

JOHN COLEMAN, MD  
VIRTUAL RECEPTION

**THURSDAY, DECEMBER 14, 2023**

**5:00PM (PST), 8:00PM (EST)**

**VIRTUAL MEETING**

To Join Meeting [Click Here](#)

**Password: 278908**

Each year at the RSNA, the Radiology Section gathers in Chicago for its mid-winter meeting. In years past when the numbers of African Americans in radiology were far less than what we have today, Dr. John Coleman and his wife, Betty graciously offered the hospitality of their home. They provided a warm and friendly atmosphere that expressed their experiences and love for each other. Well, it's the year 2023 and the numbers have grown, but the motivation is still the same.

## HIGHLIGHTS

### 2023 NMA MEETING-NEW ORLEANS

The annual “**William E. Allen, Jr., MD, FACR**” Memorial Lecture was held on Sunday, July 30, 2023. The keynote speaker was the distinguished Jinel Scott, MD, MBA, Associate Professor Clinical Radiology, Downstate Health Science University NYC Health + Hospitals/Kings County, Brooklyn, NY. She delivered an outstanding presentation entitled “**A MOVEMENT OR A MOMENT?**”.

The selection of the **Leslie Alexander, MD, FACR** memorial lecturer is an honor bestowed on a Radiation Oncologist who has performed outstanding service for the field of radiation oncology and for the advancement of radiology oncology as a discipline. This year's Leslie Alexander Lecturer was Jerry J. Jaboin, MD, PhD, MBA, FACRO, Oklahoma University, Oklahoma City, OK. His presentation entitled: “**REDEFINING THE PERSONAL BALANCED SCORECARD: BEYOND ACADEMIC PRODUCTIVITY AND VISIBILITY**”. We applaud you Dr. Jaboin for providing our section with a dynamic and informative presentation.

The selection of the **Esmond Mapp, MD, FACR** memorial lecturer is an honor bestowed on a radiologist who has demonstrated academic excellence for the specialty of radiology. This year's Esmond Mapp Memorial Lecturer was presented by Farouk Dako, MD, MPH, Assistant Professor, Department of Radiology, University of Pennsylvania, Philadelphia, PA, presentation entitled “**TRANSITIONING FROM RACE-BASED TO PRECISION MEDICINE**” was a wonderful tribute to Dr. Mapp!

# 2023 JAMES D. COLLINS, MD, MEDICAL STUDENTS, RESIDENTS AND FELLOWS SYMPOSIUM!

High quality presentations, well-designed and well-delivered, marked the 2023 James D. Collins, MD Medical Students, Residents and Fellows Symposium Competition. The presenters included Medical Students, Residents and Fellows from Case Western Reserve University, Johns Hopkins Hospital, Memorial Sloan Kettering, Merck, Mott Children's Hospital, New York Institute of Technology, Stanford University, UCLA, University of Miami, and University of Utah.

## *Congratulations!!*

**Medical Student Awardees:** (In no order), *Maya J. Stephens, MS 1<sup>st</sup> Place*, *Olufela A. Jean-Koleoso, MS 1<sup>st</sup> Place*, *Benjamin O. Eke, MS 2<sup>nd</sup> Place*. **Honorable Mention:** *Nabill Munshi, MS4, Monique N. Westley, Pharm D.*

**Resident, Fellow Awardees:** (In no order), *Allison Randolph, IV, MD, MBA 1<sup>st</sup> Place*, *Michael LeCompte, MD 2<sup>nd</sup> Place*, *Ulysses G. Gardner, Jr., MD, MBA 3<sup>rd</sup> Place* and *Anjelica C. Saulsberry-Abate, MD 3<sup>rd</sup> Place*. **Honorable Mention:** *Ezinne Ihenachor, MD.*

### Participants Receive:

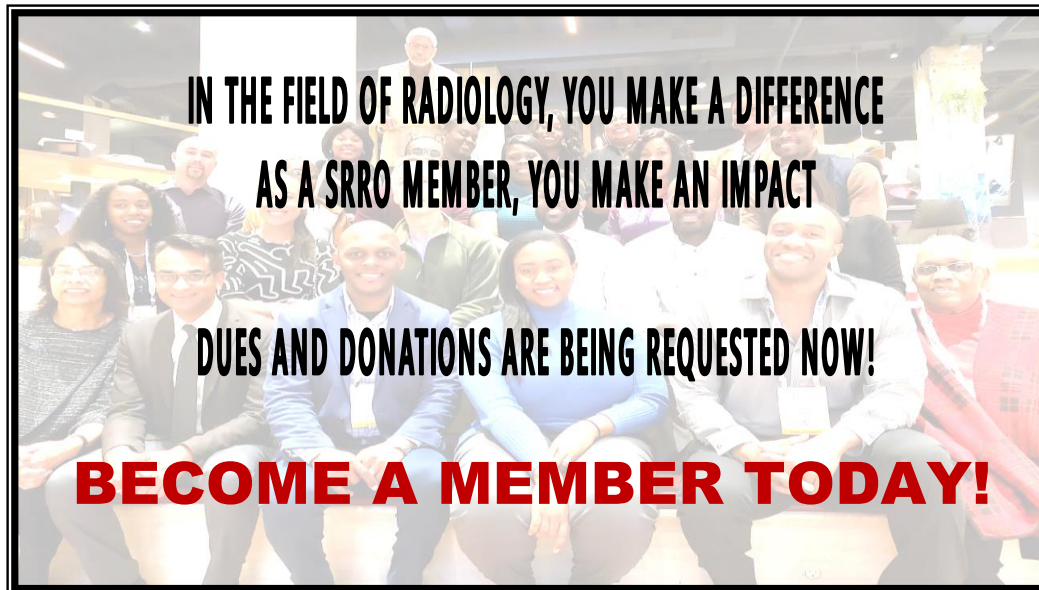

- ✓ Certificate
- ✓ Copy of "A Centennial History of African Americans in Radiology" Book
- ✓ Monetary Award

### Symposium Criteria:

1. Poster Presentation (presented on Saturday)
2. Platform Presentation (presented on Sunday)
3. 250 Word Abstract for poster (introduction, methods/materials, body of manuscript).

Contact Tonya Greene, for participation in 2024.

Section Dues of **\$100** are DUE NOW. Many of you have already responded and therefore may ignore this request. A dues invoice is enclosed with this newsletter.

Visit our website at [www.nmarads.org](http://www.nmarads.org) to pay dues.

Or

Send a check, made payable to:

**SECTION ON RADIOLOGY - NMA, Inc., and forward dues to:**

Tonya J. Greene, Radiology Section Administrator, 6354 Lawrie Ave, Rialto, CA 92377

Our fiscal year began July 1, 2023, and ends on June 30, 2024.

Whenever you use a company check, please indicate your name on the check or invoice so that proper credit can be given.

Without your financial support, the NMA Radiology Section will not move forward in the new millennium.

For those of you who have been on the fringe, now is the time to resolve.  
your commitment to secure the future of our specialty.

Thank you for your support!

Thank you to the members that have contributed to our ongoing outreach. Your donation means so much to the endeavors of the section.

As this is an ongoing effort to sustain future activities of the Section, Education and Outreach...voluntary contributions are still being requested – Active Members \$250-\$1,000, Residents \$50-\$150, New Members \$100-\$500 and Sr. Members \$250-\$1,000 or more. The contribution covers ongoing endeavors of the Section, as well as activities at the Annual Meeting not supported by the National Medical Association, including resident and student support and travel grants. Thank you.

# 2023 New Orleans Flashbacks

# 2023 New Orleans Flashbacks

# MEMBERSHIP NEWS!

**Beverly Coleman, MD, FACR** Philadelphia, Pennsylvania, was the recipient of the 2023 **“Distinguished Service Award”**. Dr. Coleman was recognized for her outstanding leadership, dedication and support given to the National Medical Association Section on Radiology and Radiation Oncology.

**Congratulations!**

**Dana H. Smetherman, MD, MPH, MBA, FACR**, Chair, Department of Radiology Ochsner Medical Center – New Orleans, ACR Secretary - Treasurer and Member of the Board of Chancellors. Dr. Smetherman represented the American College of Radiology this year with ACR updates. Great presentation!

**Jinel Scott, MD, MBA**, the 46<sup>th</sup> “William E. Allen, Jr., MD, FACR Memorial Lecturer”, delivered a flawless presentation entitled, **“A Movement or a Moment?”**.

Thank you, Dr. Scott!

## ACR GOLD MEDAL AWARD RECIPIENTS!

We are thrilled to announce recipients of the ACR Gold Medal Award this year, **Dr. Elizabeth Patterson** and **Dr. Geraldine McGinty**. This honor is awarded by the ACR Board of Chancellors to individuals who demonstrate extraordinary service to the discipline of radiology. We congratulate you both and are excited to celebrate this milestone at the 2024 ACR conference in Washington, DC.

**Dr. Patterson** was the first chair of the NMA SRRO and has been a mentor and beacon across our field. She is a past chair of the Special Population Committee of the American College of Radiology Imaging Network and served as the chair of the Mammography Quality Standards Act (MQSA) Advisory Committee under the U.S. Food and Drug Administration.

**Dr. McGinty** became the first woman to be elected chair of the ACR Board of Chancellors in 2018. The senior associate dean for clinical affairs at Weill Cornell Medicine, she is also a past chair of the ACR Commission on Economics.

# MEMBERSHIP NEWS! *Continued*

## *Reflecting on the Life of Dr. Kathleen Gordon*

On a lovely spring day in May 1945, in the town of Beaumont, Texas, a baby girl was born to the union of Mrs. Mildred Portis Gordon and Mr. Warren Robert Swartz Gordon. They were happy to welcome their fourth child and second daughter, whom they named Mary Kathleen Gordon.

Mary Kathleen was raised in the loving home of her mother along with brothers, Warren and Wayne, and sister, Nancy. The siblings were also very close with their maternal grandmother, Mrs. Mary Elizabeth Portis, who lived down the road in Orange, Texas, which is where Mary Kathleen attended St. Theresa Catholic School for her first two years of education. From a young child she was always super smart, inquisitive, extroverted, friendly, and loved learning new things with a spirited sense of adventure. When she saw an injustice, in her young mind, she needed to make it right -- and growing up in the segregated south, there were always many things that were unfair and needed to be changed.

Mary Kathleen breezed through her school years, always excelling and active in extracurricular activities. In her high school class, there were six girls named Mary, so one day she announced that she wanted to be called "Kathleen" to differentiate herself from the other five girls. From that day on, family had to remember not to call her "Mary" anymore, or you would quickly be corrected.

One of her greatest life influencers was her mother. Mrs. Gordon, a long-time English and Music teacher in the Beaumont Independent School District, instilled in her children respect for others, love of family, love of God, an honest effort to maximize achievements, and courage to aspire as high as your educational abilities could carry you. She made sure that excellence was the primary goal no matter the subject. In high school, Kathleen played flute in the band, she was in the choir, the National Honor Society, Student Council, and a majorette, and she was the state "Number Sense" champion in Math. She was Valedictorian of the Charlton Pollard High School Class of 1962 and went on to attend Lamar College in Beaumont, along with her siblings, Wayne and Nancy.

Kathleen transferred to the University of Texas at Austin where she continued her pursuit of academic excellence while also becoming a member of the Alpha Kappa Alpha Sorority, Inc. She graduated in 1967 with a B.A. degree in Zoology. After graduation, she began working at IBM in Austin and they sent her to Washington, DC on an assignment at the IRS. She loved this new city and decided to make it her home. She later worked at the Urban Institute, a Washington "think tank," before pursuing her life-long love of medicine. She left the corporate world, met with the Medical School Dean, took the MCAT exam, and enrolled in the Howard University College of Medicine. She received a Doctor of Medicine (MD) degree in 1975 and then began her career as a Radiologist.

During her Howard tenure, she was Chief Resident in Radiology at Howard University Hospital and was an Assistant Professor in the College of Medicine. Kathleen received three Medicine Research and Clinical Presentation Awards and the "Dr. Daniel Hale Williams Award" as Most Outstanding Resident at Howard University Hospital. She was the author of three articles published in National Radiological Journals.

As a Board-Certified Radiologist, Kathleen worked in her field for 48 years. Some of her professional experiences included Associate Clinical Professor of Radiology at George Washington University, President of the Washington Metropolitan Chapter of the American College of Radiology (ACR), and President of the Radiology Section of the National Medical Association (NMA), the premier organization for over 50,000 African American physicians. Kathleen served on the Executive Board of the Washington DC Medical Society, and in 1991, she was one of the first two Black female Radiologists inducted as a Fellow of the American College of Radiology (FACR), a prestigious honor that is awarded to only fifteen percent of ACR members by the Board of Chancellors.

Her work experiences included years-long company partnership in Diagnostic Radiology & Ultrasound, and later holding staff positions at Washington Adventist Hospital, George Washington Hospital, Fort Washington Hospital, KMH Radiology, Nanticoke Health Services, University of Maryland Shore Medical Center at Easton, Medstar St. Mary's Hospital, Winchester Medical Center, University of Maryland Capital Region Health, and Charles Medical Center. She helped to train, mentor, and encourage many of the young Radiology Technologists to continue and excel in their medical careers.

Kathleen was a staunch advocate for women's health and was passionate in promoting breast cancer awareness. She was often invited to speak to organizations on women's issues and in 1989 received one of the first "Betty Ford, DC American Cancer Society Breast Cancer Awareness Awards." She served for several years on the advisory board of the "Sisters Network of Baltimore," a national network dedicated to improving the lives of African American breast cancer survivors. She saved many lives through the thousands of radiology studies she performed, while continuously encouraging women (and men) to get their regular mammography examinations.

In 1969, Kathleen married the late Thomas J. Cantwell, and to that union was born a daughter, Jennifer Beth Cantwell. She also gave birth to one son, John Ethan Press, born in 1981. She later married Cecil Herd and was a bonus mother to his daughters, Courtney Phillip and Candyce Herd. She took great pride in being a loving mother to her children and doting grandmother to her six beautiful grandchildren.

From her early days attending mass and teaching CCD classes at Blessed Sacrament Church in Beaumont, Kathleen grounded herself in her faith journey. Thirty-three years ago, she became a member of the St. Augustine Catholic Church community and immediately joined the Gospel Choir. The spirituality and camaraderie of the choir family meant a lot to Kathleen, as her love of music gave her many fulfilling years of singing joyful praises to the Lord. She traveled with the choir as they evangelized in cities and towns across the country, as well as in Italy, France, Germany, and Costa Rica. She gave her all as she engaged in this ministry, and she received much love and fellowship in return.

Kathleen lived a full life engaging in world travel and adventures in places such as the Caribbean, Mexico, Egypt, South Africa, Senegal, and Ghana. With her extroverted and friendly personality, she developed many long-lasting friendships along her life's journey. If there was a Charlton Pollard Alumni Reunion, Kathleen was there. Just this past July, she traveled to Beaumont for the latest school reunion where she was also present as a guest of honor. At the 2014 school reunion, she was inducted into the "Bulldog Hall of Fame" as an outstanding and accomplished CP Alumnus. She and her class members of 1962 never stopped being in touch as they shared life-long friendships and milestone family events. The same is true with her Howard University Medical School classmates -- they kept in contact and enjoyed many reunions and special events together.

Family was of utmost importance to Kathleen. She was always actively involved in family activities -- ready to help in any way that was needed. In 2013, she married Keith Robinson in a lovely ceremony "beside the still waters" of the Nabbs Creek River. Keith and Kathleen loved to entertain, and hosted birthday and holiday gatherings, cookouts, pool parties, dinner parties, and any special occasion worthy of a celebratory get-together. Her lamb lollipops on the grill were always a hit, and disappeared in a flash whenever they were served. The Robinsons were warmly embraced by their wonderful neighbors in the Prospect Bay Community in Grasonville, MD. They all spent a lot of time together creating countless memories at the Resort Club and during neighborhood activities, including talent shows, costume parties, boat rides, fishing, and other special themed events.

Kathleen had an affinity for sunrises, sunsets, and bodies of water, and often you would find her taking up residence on or near a creek, river, ocean and most recently, the Chesapeake Bay. She and Keith would often venture out in the evenings to witness the sunset and she would excitedly take pictures (the program cover background being one of them) and marvel in the beauty of the ever-changing landscape of the painted sky. The simple things in life brought her so much joy and peace, and she was always inspired to spread love, kindness, and laughter (the one liners and quips were endless) with everyone she encountered. She had a heart of gold, a soul of compassion, and was overly generous when she saw that you were in need. To have known her truly is to love her.

Kathleen is lovingly missed by her husband, Keith Robinson of Grasonville, MD; her children, Jennifer Cantwell Wood of Chapel Hill, NC and John Ethan Press (Tanya) of Frederick, MD; and her son-in-law, James Wood of Chapel Hill, NC. She leaves to cherish her legacy six grandchildren: Liam and Jack Wood; and Chelsea, Derrick, Hazel and Madeline Press. Her parents and brother Wayne predeceased her, but she will be dearly missed by her brother, Warren (Donna) Gordon of Upper Marlboro, MD; and sisters, Nancy Gordon of Laurel, MD, and Carolyn Gordon of Houston, TX. There are many nieces, nephews, cousins, and countless co-workers, neighbors, parishioners, and friends who love Kathleen and will forever treasure her memories. Thank you all for being a special part of her life.

## **Congratulations Dr. Karen Ragland!**

We are pleased to announce that Dr. Karen Ragland received fellow status at the 2023 ASFNR Conference.

# 2024 RSNA GRANT OPPORTUNITIES

# IT STARTS WITH A SPARK

A simple spark can ignite a fire. Our grant opportunities can provide the spark to light a firestorm of innovation.

### Research Grants

Deadline: Jan. 19, 2024

Lee

#### Research Scholar Grant

**Who:** Junior Faculty  
**Amount:** Up to \$100,000 USD per year for two years as salary support  
**Objective:**

- Provides protected research time
- Prepares research-oriented faculty to obtain larger grants
- Helps establish their own fully funded research program
- Demonstrates skills needed to be a principal investigator

Singh

#### Research Seed Grant

**Who:** Full-time faculty in a department of radiology with certification by ABR or equivalent (international) or on track for certification  
**Amount:** Up to \$60,000 USD or a one-year project  
**Objective:**

- Defines objectives and tests hypotheses in preparation of major grant applications to corporations, foundations and governmental agencies
- Leverages seed data as an indicator of feasibility and appropriateness prior to applying for funds from other agencies

Brown

#### Resident/Fellow Research Grant

**Who:** Trainees (residents and fellows) pursuing careers in academic medicine  
**Amount:** \$50,000 USD for a one-year resident research project or \$75,000 USD for a one-year fellow research project  
**Objective:**

- Provides opportunity to gain further insight into scientific investigation
- Develops competency in research techniques and methods

### Medical Student Research Grant

Deadline: Feb. 2, 2024

#### Medical Student Research Grant

**Who:** Medical students  
**Amount:** \$3,000 to be matched by the sponsoring department (\$6,000 total)  
**Objective:**

- Secures a stipend for protected time for the recipient
- Facilitates radiology research opportunities
- Provides early-career encouragement to consider academic radiology as a career path
- Completes an eight-week, full-time research project under the guidance of a scientific advisor

Gaudette

### Emerging Issues Grant

Applications open on a rolling basis. For more information, please go to: [rsna.org/applyforgrants](https://rsna.org/applyforgrants)

**Amount:** Variable

**Objective:**

- Rapidly and effectively addresses urgent issues that threaten the health and well-being of disparate populations
- Supports research efforts outside of traditional grant funding cycles ensuring that radiologists are able to meet the needs of the continuously evolving profession
- Helps achieve equitable care for all

Bagci

### Education Grants

Deadline: Jan. 12, 2024

#### Derek Harwood-Nash International Education Scholar Grant

**Who:** Individuals with an active interest in radiologic education  
**Amount:** Up to \$75,000 USD for one year  
**Objective:**

- Supports salary and/or other project costs
- Provides funding opportunities for individuals interested in radiologic education with an international scope

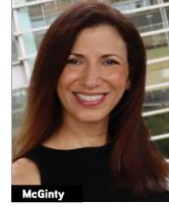

Martin

#### RSNA/AUR/APDR/SCARD Education Research Development Grant

**Who:** Individuals in pursuit of advancing the science of radiology education  
**Amount:** Up to \$25,000 USD for a one-year project  
**Objective:**

- Covers the costs of research materials, research assistant support and limited primary investigator salary support
- Encourages innovation and improvement in health sciences education by providing research opportunities

McGinty

#### Education Project Award

**Who:** Radiology educators  
**Amount:** \$10,000 – \$20,000 USD (maximum) for a one-year project  
**Objective:**

- Supports salary and fringe benefits or direct costs related to the project
- Recognizes the impact of educators
- Provides supplemental funding for new or ongoing education projects including innovative teaching methodologies, resources or delivery evaluation mechanisms
- Focuses on local or regional impact

Omofeye

 International Opportunity

# GET READY

Applications for the RSNA R&E Foundation's 2024 Grants will open in October 2023, except for Emerging Issues Grants which open on a rolling schedule.

For detailed information on the grants, eligibility and restrictions, check: [RSNA.org/ApplyForGrants](https://RSNA.org/ApplyForGrants) or scan QR code here.

# SAVE THE DATES!!
